Vinyl Composition Tile

# Standard Excelon Imperial Texture

A true classic, the essence of meaningful, purposeful design… Armstrong Flooring's Standard Excelon Imperial Texture collection sets the industry standard for VCT in terms of quality and value; backed by decades of proven performance.

With Armstrong Flooring's through-color and pattern for high durability plus abrasion and gouge resistance Imperial Texture continues to be a popular choice for a variety of commercial applications that receive a lot of foot traffic or heavy use. As part of our innovative Continuum™ Solutions, Imperial Texture harmonizes with other products across the entire Armstrong Flooring portfolio to help you execute your design intent.

# Sustainability

**RECYCLED CONTENT**

Product contains recycled content as defined by ISO 14021. Our products contain various recycled content levels (%) for individual products throughout the Product Guide.

**ON&ON™ SUSTAINABILITY FOR LIFE™**

Product is recyclable through the On&On™ Floor Recycling Program and may be subject to limitations. To learn more visit: ArmstrongFlooring.com/reclaim.

**EPD/APD**

EPD (Environmental Product Declarations) indicate a product that has been third-party certified (Type III) with regard to life-cycle environmental impacts that conform to ISO 14025, 14040, 14044, and ISO 21930. APD (Armstrong Flooring Product Declarations) disclose product ingredients, reporting their Chemical Abstracts Service Registry Number (CASRN®), role, and screening against regulatory and non-regulatory references; provide a snapshot of environmental impact reports in our EPDs; detail key sustainability information; and summarize performance attributes of the product.

**RESPONSIBLE MANUFACTURING**

Armstrong Flooring is a responsible manufacturer, implementing and using processes that are both socially and environmental responsible, including deliberate raw materials and product testing and selection for the highest quality products.

**LOW VOC**

Product has been tested and complies with the California Department of Public Health (CDPH) Standard Method V1.1 (2010) and/or the South Coast Air Quality Management District Rule #1168.

**FLOORSCORE**

FloorScore® provides third-party certification that products are tested and comply with the California Department of Public Health (CDPH) Standard Method for Testing and Evaluating Volatile Organic Chemical (VOC) Emissions. As part of FloorScore certification, manufacturing processes, supply chain, and chemical sources are also verified and audited. FloorScore certified products meet strict Indoor Air Quality (IAQ) requirements.

**OP FREE**

Product contains no Ortho-Phthalates, with the exception of recycled content.
